## **Risk Management**

Health and Safety will be regularly discussed at staff meetings, and minutes of any discussion and action to be taken, will be kept on file. The Headteacher will ensure that generic risk assessments are made and kept under review. All staff will make assessments in areas they are responsible for, and will observe the risk controls that have been determined.

All members of staff undertake to inform the main office of any potential risk as soon as they perceive it. Risk assessments have to be carried out by 'competent' persons. The Headteacher will determine the criteria for a 'competent' person, but assessing risks in classrooms and teaching lessons is within the competence of a trained teacher.

All staff will use the school's risk assessment template attached.

## **Fire Safety**

### **All members of the School will:**

- familiarise themselves with the school's fire safety procedures;
- ensure that fire doors open as intended and that nothing impedes their opening;
- ensure that any fire equipment for which they are responsible is properly maintained and checked periodically;
- know any special fire precautions for equipment and materials that they use;
- check periodically that the fire notices/evacuation procedures are on display in their teaching areas;
- ensure that pupils know the alarm and evacuation procedure and route from their areas to the assembly area;
- pupils are aware of evacuation procedure;
- report to the Headteacher/main office any hazards likely to cause a fire.

All staff members have the responsibility for directing any visitors to the school to the assembly area in case of fire. Nevertheless, all staff must be aware that visitors will need to be properly supervised and directed.

Training in action to be taken on hearing the fire alarm is provided by the school.

## **Safeguarding Pupils**

All staff must be aware of their duty to note and report any suspicions that a pupil might (however remotely) be subject to some abuse. The school will provide

periodic training in the requirements for safeguarding pupils and in recognising potential problems.

Any suspicions should be reported immediately to the school's Designated Child Protection Officer.

Teaching staff are expected to teach risk management to pupils according to National Curriculum requirements in their subject, and any requirements the school may have.

### **Staff Welfare/Stress**

Staff are expected to be concerned for their own health and for the welfare of their colleagues and to provide support for each other. Staff who feel under stress that is more than the normal expected stress of working in the school should report this initially in confidence to the Deputy Head. Staff members are also expected to report in confidence any concerns they may have about another member of staff's state of health.

### **Lone workers**

When a member of staff is working alone in the school he/she should ensure that the school's procedures are observed.

### **Accidents**

All accidents involving staff and pupils MUST be recorded. Staff who are unsure about the system must seek advice from the main office. The Lead First Aider, will monitor the accident sheets, looking particularly for patterns and trends and will report on the school's accident record and other matters of first aid at Staff Meetings.

### **Pupil Behaviour**

Pupil misbehaviour is one of the greatest risks to health and safety in any school. All staff have a common law and contractual duty to maintain good behaviour of pupils and to safeguard their health and safety. Staff must know the school rules that are designed to ensure pupil safety and to participate in ensuring that the rules are obeyed.

The Headteacher will monitor the progress of the policy and review with the SLT and at staff meetings.

## **Policy for management, including identification of visitors into the school site** **Aim:**

To ensure the safety of pupils, staff and other adults and young people on the premises.

The standard procedure is for all visitors to enter by the main entrance and to enter their details (name, time of arrival and purpose of visit) in the visitors' book located at the main office. Any school secretary, as admitting adult, will take responsibility for the visitor when she is on duty. At other times the Headteacher (or delegated deputy in his absence) is primarily responsible as 'admitting adult'. The Headteacher will designate a member of staff to act as admitting adult at times when he knows that the school office staff are unavailable. At no time will pupils be given responsibility for admitting visitors, although they may assist a member of staff in doing so.

Any member of staff admitting a visitor through any other door is personally responsible for ensuring that the visitor's details are recorded in the visitors' book. Particular attention must be paid to this rule if the visitor is not personally known to the member of staff. Staff may enter details for a visitor if they know the visitor.

Unless the admitting adult recognises the visitor and knows his/her business at the school, he or she will establish:

- i. the identity of the visitor (if appropriate by asking for an identification document);
  - if the visitor is working on site they should provide – evidence of address and official photographic identity (passport, driving licence, work issue card) on or before their first day of work
  - if the visitor is a volunteer previously unknown to the school, who will have supervised access to the children they should provide an acceptable form of identification
- ii. the purpose of the visit before admitting the visitor to the school and will ensure that the visitor enters adequate visitor details in the visitors' book and takes that visitor to the person they are visiting.

If in any doubt about the visitor, he or she must ask the visitor to wait outside the front door, ensuring it is secured and inform the office, deputy head or Headteacher immediately.

Office staff will check the visitors' book during the lunch break and at the end of the school day to establish that all visitors entered in the book have a time of departure against their name, or (if not) that they have not yet left the school. Staff will note in the book details of any visitor where no time of departure has been recorded or for whom no details have previously been entered.

In the event of an emergency evacuation of the premises, a member of the office staff will take the visitors' book to the assembly point in order to conduct a roll call of visitors still on site.

It is the duty of any member of staff to report to the Headteacher the presence in the school building or grounds of any person of whom they are suspicious, giving the best description which they can of any such person. The Headteacher will keep a written record of such reports and details and will decide on appropriate action (which may include reporting to all other schools, the LEA, the police and alerting all staff).

The Headteacher is responsible for ensuring that the procedures in this policy are followed by all staff. On behalf of the proprietor, the Education Director will monitor the carrying out of this policy at least once a year.

## **SECURITY AND ENTERING THE SCHOOL DURING SCHOOL HOURS.**

Any person arriving at the school for entry will be either

- i) let in by a secretary having been appropriately identified or
- ii) admitted by a member of staff who will identify the person and escort them to the main office.

All visitors must be directed to the main office.

All visitors must be required to sign the visitors' book, noting date, location, name, time in and out and reason for visit. If arriving by car, details of the registration may be recorded.

### **Exceptional Procedures**

Any suspicious person will be asked to wait outside whilst a second member of staff is called.

Should an adult try to force entry into the school the following guidelines should be followed:

If practical, the door should be closed upon any such person trying to enter.

Help or assistance should be called for while any children are loudly instructed to go to their classroom or assembly point and to tell other members of staff that 'a stranger has entered the building'.

Any member of staff not involved in supervising pupils should go to provide

assistance.

Supervising staff of younger classes in proximity to point of entry of the unauthorised person should, if possible and thought necessary, take the children quietly away to a more remote location.
