Safeguarding and Child Protection Policy 2023- and Procedures 2024

PART 1: Policy

1.1 Definitions

Safeguarding is defined as:

- Protecting children from maltreatment;
- Preventing impairment of children's mental and physical health or development.
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care.
- And taking action to enable all children to have the best outcomes.

Child Protection is defined in the Children Act 1989 (s.47) as when a child is suffering or is likely to suffer significant harm. Under statutory guidance and legislation action must be taken to safeguard and promote the child's welfare.

1.2 Introduction

At **Cleve House International School and Preschool**

- Safeguarding and promoting the welfare of children is **everyone's** responsibility. **Everyone** who comes into contact with children, their families and carers, has a role to play.
- In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should always consider what is in the **best interests** of the child.
- We take an '**it can happen here**' approach where safeguarding is concerned.
- **Everyone** who comes into contact with children has a role to play in identifying concerns, sharing information and taking prompt action.
- Victims of harm should **never** be given the impression that they are creating a problem by reporting abuse, sexual violence, or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report.

Cleve House International School is committed to safeguarding and promoting the welfare of children by:

- The provision of a safe environment in which children and young people can learn.
- Acting on concerns about a child's welfare immediately.
- Fulfilling our legal responsibilities to identify children who may need early help or who are suffering, or are likely to suffer, significant harm.

All action taken by **Cleve House International School** will be in accordance with:

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

- **Current legislation** (these are summarised within [Working Together to Safeguard Children: statutory framework](#))
- **Statutory, national, and local guidance – this includes:**
 - **Working Together to Safeguard Children (2018 and updated 2020)**, which sets out the multiagency working arrangements to safeguard and promote the welfare of children and young people and protect them from harm; in addition, it sets out the statutory roles and responsibilities of schools. Please also see the 2023 update that is currently in the consultation phase.
 - **Keeping Children Safe in Education (2022)** is statutory guidance issued by the Department for Education which all schools and colleges must have regard to when carrying out their duties to safeguard and promote the welfare of children.
 - **Early Years Foundation Stage statutory framework (2023)** is statutory guidance which sets standards that school and childcare providers must meet for the learning, development, and care of children from birth to 5.
- **Local Guidance from the Local Safeguarding Partnership:** around particular safeguarding topics are available on the [Keeping Bristol Safe Partnership Website](#).
- **Government guidance in relation to:**
- **COVID19:** The full collection is available on the [government website](#). **Cleve House International School** have created an addendum to this document to reflect changes made during lockdown or in the event of a further lockdown. These are accessible via in Appendix F.
- **Specific topical safeguarding issues** – a collection of up-to-date guidance can be found on the Safeguarding in Education Team's guidance page. <https://www.bristolsafeguardingineducation.org/guidance/>

This policy should be read in conjunction with the following policies:

- Recruitment and Selection
- Whistleblowing and Public Interest Disclosure
- Staff Code of Conduct
- Behaviour (which should include measures to prevent bullying, including cyberbullying, prejudice-based and discriminatory bullying, and Exclusions Policy of a separate document)
- E-Safety
- Self-Harm

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

- Policy on Supporting Children in Care
- Attendance (including the safeguarding response to children who go missing from education)
- Health and Safety

Head teacher should ensure that the above policies and procedures, adopted by governing bodies and proprietors, are accessible, understood and followed by all staff.

1.3 Equalities Statement

With regards to safeguarding we will consider our duties under the [Equality Act 2010](#) and our general and specific duties under the [Public Sector Equality Duty](#). General duties include:

1. Eliminate discrimination, harassment, victimisation, and other conduct that is prohibited by the Equality Act 2010.
2. Advance equality of opportunity between people who share a protected characteristic and people who do not share it.
3. Foster good relations across all protected characteristics between people who share a protected characteristic and people who do not share it.

Details of our specific duties are published under **Cleve House International's** equality statement and measurable objectives. **These are available on our website**

<https://www.clevehouseschool.com/>

We adhere to both the [Bristol Equality Charter](#) and [Bristol Children's Charter](#) with a view to contribute towards the [One City Plan](#).

Staff are aware of the additional barriers to recognising abuse and neglect in children with Special Educational Needs and Disabilities (SEND). This will be in line with our Special Educational Needs and Disability Policy

<https://www.clevehouseschool.com/wp-content/uploads/2015/09/SEND-Policy-Sept-2019-FINAL.doc.pdf>

Cleve House International School also adheres to the principals of and promotes anti-oppressive practice in line of the [United Nations Convention of the Rights of the Child](#) and the [Human Rights Act 1998](#).

1.4 Overall Aims

This policy will contribute to the safeguarding of children at **Cleve House International School** by:

- Clarifying safeguarding expectations for members of the education setting's community, staff, governing body, learners, and their families.
- Contributing to the establishment of a safe, resilient, and robust safeguarding culture in the setting built on shared values; that learners are treated with respect

and dignity, taught to treat each other and staff with respect, feel safe, have a voice and are listened to.

- Supporting contextual safeguarding practice recognising that the setting's site can be a location where harm can occur.
- Setting expectations for developing knowledge and skills within the setting's community (staff, learners, parents/carers) to the signs and indicators of safeguarding issues and how to respond to them.
- Early identification of need for vulnerable learners and provision of proportionate interventions to promote their welfare and safety.
- Working in partnership with learners, parents, and other agencies in the Local Safeguarding Partnership.

Cleve House International School is named as a relevant agency in the Local Safeguarding Partnership (Keeping Bristol Safe Partnership). This policy sets out its statutory duty to co-operate, follow and comply with published arrangements as set out by the Keeping Bristol Safe Partnership.

1.5 Professional expectations, roles, and responsibilities

1.5.1 Role of all staff

All staff will read and understand Part 1 of statutory guidance Keeping Children Safe in Education (2023). Those working directly with children will also read Annex B. Those who do not work directly with children will have the option of reading Annex A instead.

- In addition to this all staff will be aware of the systems in place which support safeguarding including reading this Safeguarding/Child Protection Policy; the Behaviour Policy; the Staff Behaviour Policy (code of conduct); safeguarding response to children who go missing from education; and the role of the Designated Safeguarding Lead (DSL).
- Know who and how to contact the DSL and any deputies, responsible for safeguarding.
- All staff will be able to identify vulnerable learners and take action to keep them safe. Information or concerns about learners will be shared with the DSL where it includes those:
 - who may need a social worker and may be experiencing abuse or neglect;
 - requiring mental health support;
 - may benefit from early help;
 - where there is a radicalisation concern;
 - where a crime may have been committed.
- Be clear as to the setting's policy and procedures about [child on child abuse](#), children missing education and [those requiring mental health support](#), and the [impact of technology in relation to online safety](#).
- Be involved where appropriate, in the implementation of individual

- plans to further safeguard vulnerable learners and understand their academic progress and attainment and maintain a culture of high aspirations for this cohort.
- Record concerns appropriately and in a timely manner by using the setting's safeguarding systems.
- To be aware of the need to raise to the senior leadership team any concerns they have about safeguarding practices within the school.

1.5.2 - Role of the Designated Safeguarding Lead (DSL)

Duties are further outlined in Keeping Children Safe in Education (2022, Annex C)

Details of our DSL and Deputy DSL are available on the **Cleve House International School** website, our newsletters and on the notice board in reception.

- The DSL is a senior member of staff who undertakes lead responsibility for safeguarding and child protection within the setting. The current DSL is Mrs Clare Fraser and DDSL Mrs Zoe Riach with the DSL for Early Years being Ms Karen Ashe.
- The DSL works with the other DSLs, and relevant strategic leads (Dr Sturdy – Co Proprietor), taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that learners in need are experiencing or have experienced, and identifying the impact that these issues might be having on learner's attendance, engagement and achievement at school or college.
- Activities include the management of work undertaken by any Deputy DSLs.
- Manages early identification of vulnerability of learners and their families from staff through cause for concerns or notifications. This will ensure detailed, accurate, secure written records of concerns and referrals.
- Manages referrals to local safeguarding partners where learners with additional needs have been identified. These can include those –
 - who need a social worker and may be experiencing abuse or neglect;
 - requiring mental health support;
 - who may benefit from early help;
 - where there is a radicalisation concern;
 - where a crime may have been committed.

The DSL will also:

- Work with others – acting as a point of contact for outside agencies about safeguarding.
- Support and advise other staff in making referrals to other agencies.
- When required, liaise with the case manager and the Local Authority Designated Officer (LADO) in relation to child protection cases which concern a staff member.
- Coordinate safeguarding training and raise awareness and understanding to the school community around policies and practice in relation to safeguarding.

- Help promote educational outcomes by sharing information about vulnerable learners with relevant staff. This includes ensuring that staff:
 - know who these children are,
 - understand their academic progress and attainment and maintain a culture of high aspirations for this cohort.
 - are supported to identify the challenges that children in this group might face.
 - provide additional academic support or make reasonable adjustments to help children who have **or have had** a social worker to reach their potential.
- Ensure the successful transfer of the Safeguarding/Child Protection File when a learner moves on to a new setting within 5 days for in year transfer or the first 5 days of the start of a new term.
- Ensure appropriate safeguarding cover and availability during term time/ any out of hours/out of term activities managed by the school.

1.6 Safeguarding training for staff

1.6.1 - All staff:

- Trustees and proprietors will ensure that all staff members undergo safeguarding and child protection (including online safety) training at induction.
- Will receive appropriate safeguarding and child protection (including online safety and advice around 'Net Support' systems we have in place to protect the whole online school community) refresher training at least on annually (via formal training, email e-bulletins and staff meetings).
- All staff must complete FGM awareness training and will understand their legal duty under the Mandatory Reporting Duty.
- All staff must complete PREVENT awareness training. This is to ensure that they can comply with the legal expectations under the PREVENT duty.
- Staff training includes clear reference to internal whistleblowing policy and guidance for escalating concerns.

1.6.2 - Designated Safeguarding Lead and Deputies:

The DSL is a member of the Senior Leadership Team with the necessary status and authority to be the Designated Safeguarding Lead or Deputy Designated Safeguarding Lead to be responsible for matters relating to child protection and welfare who will attend senior leadership meetings to report on, plan and help implement Safeguarding across the School.

The Designated Safeguarding Leads will

- Will undergo formal training to provide them with the knowledge and skills (including online safety) training required to carry out the role. The training will be updated every two years.

- Deputies will be trained to the same level as the DSL.
- The DSL and any deputies will liaise with the Bristol Safeguarding Partnership to ensure that their knowledge and skills are updated via e-bulletins, attend DSL network meetings, and take time to read and digest safeguarding bulletins.
- Will be responsible for monitoring all paper based referrals and recording them on the Safeguarding School drive. They will ensure that all staff get appropriate training on how to record incidents.
- NSPCC – ‘When to call the police’ should help DSL’s understand when they should consider calling the police and what to expect when they do.

1.6.3 - Other training considerations:

- The advisory board and co-principals will ensure that at least one person on any appointment panel will have undertaken safer recruitment training, in line School Staffing (England) Regulations 2009.
- Members of the Senior Leadership Team will make themselves aware of and understand their role within the local safeguarding arrangements. This will ensure that those who have responsibility for the management of behaviour, inclusion, Special Educational Needs, attendance, and exclusions will carry out their duties with a safeguarding consideration.
- The Designated Teacher for Children in Care will undergo appropriate training to fulfil their role to promote the educational achievement of registered pupils who are in care.
- The mental health lead has access to appropriate training.
- Training around safeguarding topics in Annex B (including online safety) will be integrated, aligned, and considered as part of a whole school safeguarding approach.
- Appropriate colleagues have received appropriate training in relation to use of reasonable force and positive handling.

1.7 Safeguarding in the curriculum

Cleve House International School is dedicated to ensuring that learners are taught about safeguarding, including online safety. We recognise that a one size fits all approach may not be appropriate for all learners, and a more personalised or contextualised approach for more vulnerable learners, victims of abuse and some SEND children might be needed. This is part of a broad and balanced curriculum.

This includes:

- Working within statutory guidance in respect to [Relationships and sex education \(RSE\) and health education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/consultations/rse-education-2020); and [Early years foundation stage \(EYFS\) statutory framework - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/consultations/early-years-foundation-stage-2020)
- Personal, Social, Health and Economic (PSHE) education, to explore key areas such as self-esteem, emotional literacy, assertiveness, power, building resilience to radicalisation, e-safety and bullying.

- Appropriate filters and monitoring systems are in place to ensure that 'over-blocking' does not lead to unreasonable restrictions as to what learners can be taught about online teaching and safeguarding.
- The curriculum will be shaped to respond to safeguarding incident patterns in the setting identified by the Designated Safeguarding Lead and safeguarding team (e.g., to respond to an increase in bullying incidents).
- Providing engagement opportunities with parents and carers to consult on key aspects of the curriculum.
- Learners can inform the curriculum via discussions with the school council

1.8 Safer recruitment and safer working practice

1.8.1 - Safer recruitment

Cleve House International School pays full regard to the safer recruitment practices detailed in 'Keeping Children Safe in Education' (2023; Part 3)

- This includes scrutinising applicants, this will include social media checks on successful applicants, verifying identity and academic or vocational qualifications, obtaining professional and character references, checking previous employment history, and ensuring that a candidate has the health and physical capacity for the job. References are always obtained, scrutinised and concerns resolved satisfactorily before an appointment is confirmed.
- It also includes undertaking appropriate checks through the Disclosure and Barring Service (DBS), the barred list checks and prohibition checks (and overseas checks if appropriate), dependent on the role and duties performed, including regulated and non-regulated activity.
- All recruitment materials will include reference to Cleve House International's commitment to safeguarding and promoting the wellbeing of pupils. We will undertake a risk assessment and use professional judgement and experience when deciding whether to obtain an enhanced DBS certificate for any volunteer not engaged in regulated activity.

1.8.2 - Use of reasonable force

'Reasonable force' refers to the physical contact to restrain and control children using no more force than is needed.' The use of reasonable force is down to the professional judgement of the staff member concerned and will be determined by individual circumstances and the vulnerability of any child with Special Educational Needs or Disability (SEND) will be considered.

- The use of reasonable force will be minimised through positive and proactive behaviour support and de-escalation and will follow government guidance ([Use of Reasonable Force in Schools 2013](#); [Reducing the need for restraint and restrictive intervention, 2019](#)).
- There is robust recording of any incident where positive handling or restraint has been used (found at the back of CHIS Behaviour Policy) . Further review of the

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

incident is carried out to reflect on how the incident could be avoided, this will involve the child and their family.

The process around how the setting manages concerns where a professional may pose a risk to learners and our response to low level concerns can be accessed in section [2.8 Allegations of abuse made against professionals](#).

1.8.3 - Whistleblowing procedures

Staff are aware of the following whistleblowing channels for situations where they feel unable to raise an issue with the senior leadership team or feel that their genuine concerns are not being addressed:

- General guidance can be found at: Advice on whistleblowing <https://www.gov.uk/whistleblowing>.
- The NSPCC whistleblowing helpline is available [here](#) for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.
- The above channels are clearly accessible to all staff (in the staff handbook, code of conduct and staff notice boards).

1.9 Key safeguarding areas

These topics are themes that can impact on children and families, there are specific areas of safeguarding that the setting has statutory responsibilities to address which are hyperlinked:

- Children in the court system
- Children affected by parental offending/imprisonment.
- [Children missing from education](#) – including persistent absence.
- [Child Exploitation](#) (including both Child Sexual Exploitation and Child Criminal Exploitation and county lines, modern day slavery and trafficking)
- Cybercrime
- [Domestic Abuse](#)
- Homelessness
- So-called Honour based Abuse (including Female Genital Mutilation and Forced Marriage),
- [Online Safety](#)
- [Mental health](#)
- [Peer on Peer/ child on child abuse](#)
 - Bullying (including cyberbullying, prejudice-based and discriminatory bullying).
 - Abuse in intimate personal relationships between children.
 - Physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse).

Safeguarding and Child Protection Policy **2023-** and Procedures **2024**

- Sexual violence, such as rape, assault by penetration and sexual assault; (this may include an online element which facilitates, threatens and/or encourages sexual violence).
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.
- Consensual and non-consensual sharing of nudes and semi-nude images and or videos (also known as sexting or youth produced sexual imagery).
- Upskirting, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm; and
- Initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group and may also include an online element).
-
- [Preventing Radicalisation \(The Prevent Duty\)](#)
- [Serious Youth Violence](#)
- Substance Misuse
- [Private Fostering](#)
- [Young Carers](#)

Additional information about key safeguarding areas can also be found in Keeping Children Safe in Education (2023; Annex B); the [NSPCC website - Types of Abuse](#); And for localised resources for education settings [The Bristol Safeguarding in Education website](#).

1.10 Signs of Abuse

All staff should be aware of and be vigilant in looking out for possible signs of abuse. These include (but are not limited to):

- Where the pupil makes a disclosure, says they have been abused or asks a question which gives rise to that inference.
- Where there is no reasonable or consistent explanation for a pupil's injury; the injury is unusual in kind or location; there have been a number of injuries; there is a pattern to the injuries.
- Where the pupil's behaviour stands out from the group as either being extreme model behaviour or extremely challenging behaviour; or there is a sudden change in the pupil's behaviour.
- Where the pupil is reluctant to work with a member of staff and does not wish to discuss reasons.
- Where the pupil's development is delayed.
- Where the pupil loses or gains weight or there is deterioration in the pupil's general wellbeing.
- Where the pupil appears neglected, e.g., dirty, hungry, inadequately clothed.

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

- Where a pupil has unexplained absences that they cannot account for.
- Where a pupil expresses views that appear to justify violent extremism.
- Where the pupil is reluctant to go home or has been openly rejected by his/her parents or carers.

Where children need a social worker, this should inform decisions about safeguarding (for example, responding to unauthorised absence or missing education where there are known safeguarding risks) and about promoting welfare (for example, considering the provision of pastoral and/or academic support, alongside action by statutory services)

Children who are lesbian, gay, bisexual, or transgender (LGBT)

The fact that a child or a young person may be LGBT is not in itself an inherent risk factor for harm. However, children who are LGBT can be targeted by other children. In some cases, a child who is perceived by other children to be LGBT (whether they are or not) can be just as vulnerable as children who identify as LGBT. Risks can be compounded where children who are LGBT lack a trusted adult with whom they can be open. It is therefore vital that staff endeavour to reduce the additional barriers faced, and provide a safe space for them to speak out or share their concerns with members of staff.

LGBT inclusion is part of the statutory Relationships Education, Relationship and Sex Education and Health Education curriculum and there is a range of support available to help schools counter homophobic, biphobic and transphobic bullying and abuse.

Safeguarding Issues

All staff should have an awareness of safeguarding issues that can put children at risk of harm. Behaviours linked to issues such as drug taking and/or alcohol misuse, deliberately missing education, serious violence (including that linked to county lines), radicalisation and consensual and non-consensual sharing of nude and semi-nude images and/or videos can be signs that children are at risk.

Below are some safeguarding issues all staff should be aware of.

All staff should be aware that children can abuse other children (often referred to as child-on-child abuse), and that it can happen both inside and outside of school and online. All staff should be clear as to the school's policy and procedures with regard to child-on-child abuse and the important role they have to play in preventing it and responding where they believe a child may be at risk from it.

All staff should understand that even if there are no reports in their schools it does not mean it is not happening, it may be the case that it is just not being reported. As such it is important if staff have any concerns regarding child-on-child abuse they should speak to their designated safeguarding lead (or deputy).

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

Child-on-child abuse is most likely to include, but may not be limited to:

- bullying (including cyberbullying, prejudice-based and discriminatory bullying)
- abuse in intimate personal relationships between children (sometimes known as 'teenage relationship abuse')
- physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm (this may include an online element which facilitates, threatens and/or encourages physical abuse)
- sexual violence, such as rape, assault by penetration and sexual assault; (this may include an online element which facilitates, threatens and/or encourages sexual violence)
- sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, which may be standalone or part of a broader pattern of abuse
- causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
- consensual and non-consensual sharing of nude and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery)
- **up-skirting**, which typically involves taking a picture under a person's clothing without their permission, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress, or alarm, and initiation/hazing type violence and rituals (this could include activities involving harassment, abuse or humiliation used as way of initiating a person into a group and may also include an online element).

At Cleve House International School, we have a 'zero tolerance' approach to abuse. Incidents are taken seriously. These will never be tolerated or passed off as 'banter,' just having a laugh' or 'part of growing up.' Banter and teasing can and should be acknowledged and recognised as bullying behaviour and may require proportionate intervention. Even with a zero-tolerance approach, we take steps to educate and take action ensure to mitigate the risk of contributing to a culture of unacceptable behaviours or a culture that normalises abuse.

It is understood that child-on-child abuse harm may reflect equality issues in terms of those who may be targeted are more likely to have protected characteristics. Early identification of vulnerability to child-on-child harm is made by reviewing attendance, behaviour, attainment, and safeguarding records at least on a termly basis.

There are clear systems in place (which are well promoted, easily understood and easily accessible) for learners to confidently report abuse knowing their concerns will be treated easily.

Cleve House International School will handle initial reports of harm by:

Safeguarding and Child Protection Policy **2023-** and Procedures **2024**

Securing the immediate safety of learners involved in an incident and sourcing support for other young people affected.

- listening carefully to the child, reflecting back, using the child's language, being non-judgemental, being clear about boundaries and how the report will be processed and progressed, not asking leading questions and only prompting the child where necessary with open questions – where, when, what, etc. It is important to note that whilst leading questions should be avoided, staff can ask children if they have been harmed and what the nature of that harm was.
- All victims will be reassured that they are being taken seriously, regardless of how long it has taken them to come forward, and that they will be supported and kept safe. Abuse that occurs online or outside of the school or college will not be downplayed and will be treated equally seriously. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment nor ever be made to feel ashamed for making a report. We will explain that the law is in place to protect children and young people rather than criminalise them, and this will be explained in such a way that avoids alarming or distressing them.
- Ensuring the child's wishes are taken into consideration in any intervention and any action is taken to ensure safety of the target and other members of the wider peer cohort.
- Not promising confidentiality at this initial stage as it is very likely a concern will have to be shared further (for example, with the designated safeguarding lead (or deputy) or local authority children's social care) to discuss next steps.
- We will only share the report with those people who are necessary in order to progress it.
- We will ensure that the victim understands what the next steps will be and who the report will be passed to. Actions to take in relation to sexual violence and sexual harassment Reference to Keeping Children Safe In Education (2023) should be made in relation to taking protective action.

Cleve House International School will take the following considerations and actions when responding to incidents of sexual violence and sexual harassment:

- the wishes of the victim in terms of how they want to proceed. This is especially important in the context of sexual violence and sexual harassment. Victims should be given as much control as is reasonably possible over decisions regarding how any investigation will be progressed and any support that they will be offered. This will however need to be balanced with the school's duty and responsibilities to protect other children
- the nature of the alleged incident(s), including whether a crime may have been committed and/or whether HSB has been displayed.
- the ages of the children involved
- the developmental stages of the children involved

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

- any power imbalance between the children. For example, is/are the alleged perpetrator(s) significantly older, more mature, confident and well-known social standing? Does the victim have a disability or learning difficulty?
- if the alleged incident is a one-off or a sustained pattern of abuse (sexual abuse can be accompanied by other forms of abuse and a sustained pattern may not just be of a sexual nature)
- that sexual violence and sexual harassment can take place within intimate personal relationships between children
- importance of understanding intra familial harms and any necessary support for siblings following incidents
- are there ongoing risks to the victim, other children, adult students or school or college staff.
- other related issues and wider context, including any links to child sexual exploitation and child criminal exploitation.
- The victim may ask the school not to tell anyone about the sexual violence or sexual harassment. There are no easy or definitive answers when a victim makes this request. If the victim does not give consent to share information, staff may still lawfully share it, if there is another legal basis under the UK GDPR that applies. For example, the public task basis may apply, where the overall purpose is to perform a public interest task or exercise official authority, and the task or authority has a clear basis in law.
- Incidents will be reported immediately to the DSL/ Deputy DSL who will undertake further assessment of what action should be taken proportionate to the factors that have been identified. The Brook - Sexual Behaviours Traffic Light Assessment Tool should be utilised to inform assessment of risk and what actions to subsequently take. This may include seeking specialist advice and guidance from external agencies including Be Safe.
- DSLs/Deputies will take proportionate action and consider whether a case can be managed internally, through early help, or should involve other agencies as required in line with the section Multi-Agency Working.
- When an incident involves an act of sexual violence (rape, assault by penetration, or sexual assault) the starting point is that this should be passed on to police regardless of the age of criminal responsibility (10 years old). This must be reported directly via 101 for recording purposes and accountability. This is on the understanding that the police will take a welfarist approach rather than a criminal justice one. A concurrent referral to social care must also be made. A strategy can be requested where education can voice explicitly concerns of criminalisation in a multi-agency context.
- When the children involved require a statutory assessment either under s.17 or s. 47 of the Children Act 1989 a referral to social care should be undertaken.
- Where the report includes an online element, the setting will follow Searching, screening and confiscation at school - GOV.UK (www.gov.uk) and Sharing nudes and semi-nudes: advice for

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

education settings working with children and young people - GOV.UK (www.gov.uk). The key consideration is for staff not to view or forward illegal images of a child. The highlighted advice provides more details on what to do when viewing an image is unavoidable.

Extra Familial Harm

Extra-familial abuse is linked to 'contextual safeguarding' or 'complex safeguarding'. These concepts refer to harm that occurs to children outside of their family system, often during the adolescent years because at this age their social networks widen. These networks can have a significant influence over an adolescent's understanding of social norms. A large proportion of child exploitation takes place in public spaces (parks, stairwells, high streets etc.) so it is these locations that often require a professional response to safeguard young people from exploitation rather than solely focusing on the child and their family.

Parents should be partners in safeguarding children and young people from child exploitation. Parents can often feel like secondary victims to exploitation as they try to safeguard their children and young people from extra-familial harm. Child exploitation can adversely affect parent-child relationships and parents may feel under scrutiny by professionals.

Children experiencing exploitation and trauma may direct physical aggression towards their parents and siblings, creating further strain in family relationships. Parents/carers can also feel a sense of guilt and shame that their child has been exploited, they may also feel physically threatened by perpetrators and concerned about their family's safety. Contextual safeguarding approach to child on child harm:

- Cleve House International School will minimise the risk of child-on-child abuse by taking a contextual approach to safeguarding by increasing safety in the contexts of which harm can occur – this can include the school environment itself, peer groups and the neighbourhood
- Following any incidents of child-on-child harm, the DSL/Deputies will review and consider whether any practice or environmental changes can be made in relation to any lessons learned. This can include making changes to staffing and supervision, making changes to the physical environment and considering the utilisation and delivery of safeguarding topics on the curriculum.

Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence.

CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation.

Child Criminal Exploitation (CCE)

Some specific forms of CCE can include children being forced or manipulated into transporting drugs or money through county lines, working in cannabis factories, shoplifting, or pickpocketing. They can also be forced or manipulated into committing vehicle crime or threatening/committing serious violence to others.

Children can become trapped by this type of exploitation, as perpetrators can threaten victims (and their families) with violence or entrap and coerce them into debt. They may be coerced into carrying weapons such as knives or begin to carry a knife for a sense of protection from harm from others. As children involved in criminal exploitation often commit crimes themselves, their vulnerability as victims is not always recognised by adults and professionals, (particularly older children), and they are not treated as victims despite the harm they have experienced. They may still have been criminally exploited even if the activity appears to be something they have agreed or consented to.

It is important to note that the experience of girls who are criminally exploited can be very different to that of boys. The indicators may not be the same, however professionals should be aware that girls are at risk of criminal exploitation too. It is also important to note that both boys and girls being criminally exploited may be at higher risk of sexual exploitation.

Child Sexual Exploitation (CSE)

CSE is a form of child sexual abuse. Sexual abuse may involve physical contact, including assault by penetration (for example, rape or oral sex) or nonpenetrative acts such as masturbation, kissing, rubbing, and touching outside clothing. It may include noncontact activities, such as involving children in the production of sexual images, forcing children to look at sexual images or watch sexual activities, encouraging children to behave in sexually inappropriate ways or grooming a child in preparation for abuse including via the internet.

CSE can occur over time or be a one-off occurrence and may happen without the child's immediate knowledge for example through others sharing videos or images of them on social media.

All staff should be aware of the indicators, which may signal children are at risk from, or are involved with, serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries.

Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation.

Female Genital Mutilation (FGM)

Whilst all staff should speak to the designated safeguarding lead (or deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific legal duty on teachers. If a teacher, in the course of their work in the profession, discovers that an act of FGM appears to have been carried out on a girl under the age of 18, the teacher must report this to the police.

PART 2: Procedures

2.1 Reporting concerns

All staff are clear about recording and reporting concerns to the DSL/DSL deputies in a timely way. In the case a learner is in immediate danger, staff should phone the police.

All staff are aware of and follow the procedures to respond to a concern about a child detailed in [Appendix B](#). This includes responses to child on child harm and learners who present with a mental health need.

At Cleve House International School learners can raise their concerns via talking to any staff member they feel comfortable to disclose information to or by writing it down. This will be forwarded to the Safeguarding leads and they will be treated seriously.

2.2 Information Sharing

Cleve House International School is committed to have due regard to relevant data protection principles which allow for sharing (and withholding) personal information as provided for in the Data protection Act 2018 and UK General Data Protection Regulations. This includes how to store and share information for safeguarding purposes, including information which is sensitive and personal and should be treated as 'special category personal data'.

Staff at the setting are aware that:

- 'Safeguarding' and 'individuals at risk' is a processing condition that allows practitioners to share special category personal data.
- Practitioners will seek consent to share data where possible in line with [Information Sharing for Safeguarding Practitioners 2018](#).

There may be times when it is necessary to share information without consent such as:

- To gain consent would place the child at risk,
- by doing so will compromise a criminal investigation,
- It cannot be reasonably expected that a practitioner gains consent,
- or, if by sharing information it will enhance the safeguarding of a child in a timely manner, but it is not possible to gain consent.

There are also times when Cleve House School will not provide pupil's personal data where the serious harm test under legislation is met, (by sharing the information the child may be at further risk). When in doubt Cleve House School will seek legal advice.

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

The Data Protection Act 2018 and UK GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.

2.3 Identifying and monitoring the needs of vulnerable learners.

The DSL and Deputy DSL will regularly review and monitor those students who have been identified as vulnerable. This can include reviewing attendance data, behaviour data, attainment data and safeguarding records. This is to ensure that:

- Proportionate and early interventions can be taken to promote the safety and welfare of the child and prevent escalation of harm.
- Information about vulnerable learners is shared with teachers and school and college leadership staff to promote educational outcomes.
- Learners who currently have, or have had, a social worker will have their academic progress and attainment reviewed and additional academic support will be provided to help them reach their full potential.
- Reasonable adjustments are made in relation to school-based interventions – for example responding to behaviour.

2.4 Multi-agency working

Cleve House International School is a relevant agency in the Keeping Bristol Safe Partnership and will work together with appropriate agencies to safeguard and promote the welfare of children including identifying and responding to their needs. This is in compliance with statutory guidance [Working Together to Safeguard Children 2018, 2020](#).

Occasions that warrant a statutory assessment under the Children Act 1989:

- If the child is in need under s.17 of the Children Act 1989 (including when a child is a young carer and or subject to a private fostering arrangement).
- Or if the child needs protection under s.47 of the Children Act 1989 where they are experiencing significant harm, or likely to experience significant harm.

Referrals in these cases should be made by the DSL (or Deputy DSLs) to Children's Social Care in the local authority in which that child resides. The list of safeguarding contact and other key agencies are listed in [Appendix B](#).

Where the child already has a social worker, the request for service should go immediately to the social worker involved or, in their absence, to their team manager. If the child is a child in care, notification should also be made to the Hope Virtual School.

Cleve House International School will co-operate with any statutory safeguarding assessments conducted by children's social care: this includes ensuring representation at

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

appropriate inter-agency meetings such as integrated support plan meetings initial and review child protection conferences and core group meetings.

2.4.1 Additional considerations:

- Where a learner and/or their family is subject to an inter-agency child protection plan or a multi agency risk assessment conference (MARAC) meeting, the setting will contribute to the preparation, implementation, and review of the plan as appropriate.
- In situations where a child in care may be put on to part time timetable, the school will consult with the Hope Virtual School following local procedures. [GUIDANCE ON THE FIXED TERM & PERMANENT EXCLUSION OF CHILDREN IN CARE FROM SCHOOLS & PRUS \(bristol.gov.uk\)](#)
- If a crime has been suspected or committed that involved the bringing of an offensive weapon on to the school site, the setting will liaise with the Local Authority Violence Reduction Unit (Safer Options) who will consider a proportionate response.
- If there is a risk of harm, the police should be called via 999. For other concerns of criminality, the non-statutory guidance [‘When to Call the Police’ from the NCPCC](#) can be helpful or contact the local PCSO/School Police Beat Officer/School Officer.
- In the rare event that a child death occurs, or a child is seriously harmed, Cleve House School will notify the Keeping Bristol Safe Partnership as soon as is reasonably possible.

2.5 Suspensions, permanent exclusions, and commissioning of Alternative Provisions - (To be read in conjunction with the Behaviour Policy)

When the setting is considering suspending or permanently excluding a learner where additional vulnerability is identified it is important that the learner’s welfare is a paramount consideration. The head teacher will consider their legal duty of care when sending a learner home.

Cleve House International School will exercise their legal duties in relation to their interventions. This includes:

- whether a statutory assessment should be considered in line with the principles of [Children Act 1989](#),
- that decisions are made in an anti-discriminatory manner in line with the [Equality Act 2010](#) (including having regard to the [SEND Code of Practice](#))
- and takes into consideration the learner’s rights under the [Human Rights Act 1998](#).
- Interventions will be consistent with statutory guidance [School suspensions and permanent exclusions - GOV.UK \(www.gov.uk\)](#)

2.5.1 - Actions to take

- An assessment of need should be undertaken with multi-agency partners with a view to mitigate any identified risk of harm this in line with [2.3 Identifying and monitoring the needs of vulnerable learners](#).

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

- If the child is subject to a child protection plan or where there is an existing child protection file, we will call a multiagency risk-assessment meeting prior to making the decision to exclude.
- In the event of a one-off serious incident resulting in an immediate decision to exclude, the risk assessment *must* be completed prior to convening a meeting of the governing body.

2.5.2 - Commissioning Alternative Provisions

In the event where Cleve House International School commissions an Alternative Provision they will follow the [Alternative Learning Provision - bristol.gov.uk](https://www.bristol.gov.uk/alternative-learning-provision) and follow local guidance [Commissioning Alternative Learning Provision – Advice for schools, Commissioners, and Alternative Providers \(2019\)](#) to ensure clear agreement of roles and responsibilities to maintain safeguarding arrangements for learners who are not taught on site.

Cleve House School will continue to be responsible for the safeguarding of that learner and will make necessary checks on the provider to meet the needs of the learner. Written confirmation from the Alternative provider will be obtained of the checks on staff that we would otherwise perform for our own staff.

2.6 **Children Missing from Education** (To be read in conjunction with the Attendance Policy)

A learner missing from education is a potential indicator of abuse or neglect, or maybe an indicator of need for early help support. Staff should follow procedures for unauthorised absence and for dealing with children that go missing from education, particularly on repeat occasions. These should be reported to the DSL and reviewed in line with [2.3 Identifying and monitoring the needs of vulnerable learners](#).

Cleve House International School has adopted a strategy of, in line with serious case reviews, to have eyes on child. When students do not attend the Headteacher may conduct a house visit to ensure that students are safe and are accessing the support that they require.

Cleve House International School will follow the guidance detailed in [Children Missing Education \(2016\)](#) and [Bristol City Council Education Welfare Service – Children Missing Education](#)

This will include notifying the local authority in which the child lives:

- of any pupil who fails to attend school regularly,
- or has been absent without the school's permission for a continuous period of 10 school days or more, at such intervals as are agreed between the school and the local authority.

2.6.1 - Elective Home Education

Cleve House International School will notify the Local Authority of every learner where a parent has exercised their right to educate their child at home. Safeguarding files should be shared with the Local Authority Elective Home Education service and consideration of whether additional support from children's social care should be made in line with the Children Act 1989.

Keeping Children Safe in Education recommends that up-to-date guidance and practical support on the specific abuses listed is sought, as needed, from experts and professional organisations. It also provides links to specific advice and guidance on particular issues (see: <https://www.gov.uk/government/publications/keeping-children-safe-in-education>)

2.7 Respond to incidents of child on child harm.

(There is flow diagram in [Appendix B](#) that illustrates this section)

All staff should recognise that children can abuse other children (including online). It is important that incidents of abuse and harm are treated under safeguarding policy in conjunction with the behaviour policy. However, concerns regarding the welfare of learners requires process and records to be kept on the child's safeguarding/child protection file.

Further examples of child on child harm this can be found under section [1.9 Key Safeguarding Areas](#). It is recognised that child on child abuse can happen inside and outside of school/college or online.

At Cleve House International School

- We have a 'zero tolerance' approach to abuse. Incidents are taken seriously. These will never be tolerated or passed off as 'banter,' just having a laugh' or 'part of growing up.' Banter and teasing can and should be acknowledged and recognised as bullying behaviour and may require proportionate intervention.
- Even with a zero-tolerance approach, we take steps to educate and take action ensure to mitigate the risk of contributing to a culture of unacceptable behaviours or a culture that normalises abuse.
- It is understood that child on child harm may reflect equality issues in terms of those who may be targeted are more likely to have protected characteristics.
- Early identification of vulnerability to child on child harm is made by reviewing attendance, behaviour, attainment and safeguarding records at least on a termly basis.

There are clear systems in place (which are well promoted, easily understood and easily accessible) for learners to confidently report abuse knowing their concerns will be treated easily as reflected in section [2.1 Reporting a concern](#) of this policy. Cleve House International School will handle initial reports of harm by:

- Securing the immediate safety of learners involved in an incident and sourcing support for other young people affected.
- Listening carefully to the child, being non-judgmental, being clear about boundaries and how the report will be progressed, not asking leading questions and only prompting the child where necessary with open questions – where, when, what, etc;
- ensuring that victims will never be given the impression that they are creating a problem by reporting abuse, sexual violence, or sexual harassment. They will never be made to feel ashamed for making a report.
- Ensuring the child's wishes are taken into consideration in any intervention and any action is taken to ensure safety of the target and other members of the wider peer cohort.
- Not promising confidentiality as it is highly likely that information will need to be shared with others.

2.7.1 Actions to take in relation to sexual violence and sexual harassment.

Reference to Keeping Children Safe In Education (2023, Part 5) and guidance [Sexual violence and sexual harassment between children in schools and colleges 2021](#) should be made in relation to taking protective action. Cleve House International School will take the following actions when responding to incidents of sexual violence and sexual harassment:

- Incidents will be reported immediately to the DSL/ Deputy DSL who will undertake further assessment of what action should be taken proportionate to the factors that have been identified. [The Brook - Sexual Behaviours Traffic Light Assessment Tool](#) should be utilised to inform assessment of risk and what actions to subsequently take. This may include seeking specialist advice and guidance from [Be Safe](#).
- DSLs/Deputies will take **proportionate** action and consider whether a case can be managed internally, through early help, or should involve other agencies as required in line with the section [2.4 - Multi-Agency Working section](#).
- When an incident involves an act of **sexual violence** (rape, assault by penetration, or sexual assault) the starting point is that this should be passed on to police **regardless** of the age of criminal responsibility (10 years old). This must be reported directly via 101 for recording purposes and accountability. This is on the understanding that the police will take a welfarist approach rather than a criminal justice one. A concurrent referral to social care must also be made. A strategy can be requested where education can voice explicitly concerns of criminalisation in a multi-agency context.
- When the children involved require a statutory assessment either under s.17 or s. 47 of the Children Act 1989 a referral to social care should be undertaken.
- Where the report includes an online element, the setting will follow [Searching, screening and confiscation at school - GOV.UK \(www.gov.uk\)](#) and [Sharing nudes and semi-nudes: advice for education settings working with children and young people - GOV.UK \(www.gov.uk\)](#). The key consideration is for staff not to view or forward illegal images of a child. The highlighted advice provides more details on what to do when viewing an image is unavoidable.

- Risk assessments and or safety plans will be developed for individual children who have been involved in an incident. This should be reviewed every 3 months or every time there is an occurrence of an incident. These should involve the child and parents/carers and address contextual risks.

2.7.2 - Contextual safeguarding approach to child on child harm:

Cleve House International School will minimise the risk of child on child abuse by taking a contextual approach to safeguarding by increasing safety in the contexts of which harm can occur – this can include the school environment itself, peer groups and the neighbourhood.

Following any incidents of child on child harm, the DSL/Deputies will review and consider whether any practice or environmental changes can be made in relation to any lessons learned. This can include making changes to staffing and supervision, making changes to the physical environment and considering the utilisation and delivery of safeguarding topics on the curriculum.

2.8 Responding to allegations of abuse made against professionals.

Staff must report any concerns or allegations about a professional's behaviour (including supply staff, volunteers, and contractors) where they may have:

- behaved in a way that has harmed a child or may have harmed a child.
- possibly committed a criminal offence against or related to a child.
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children.

2.8.1 - Immediate action must be taken:

- Do not speak to the individual it concerns.
- Allegations or concerns about colleagues and visitors must be reported directly to the Head Teacher/Principal who will follow guidance in Keeping Children Safe in Education (2023, Part four: Allegations of abuse made against teachers and other staff).
- If the concern relates to Head Teacher/Principal it should be reported to the Chair of Governors, who will liaise with the [Local Authority Designated Officer \(LADO\)](#) and they will decide on any action required.
- If there is a conflict of interest which inhibits this process of reporting, staff can report directly to the LADO.
- If allegations are regarding a member of supply staff, the school will take the lead and progress enquiries with the LADO, whilst continuing to engage and work with the employment agency.
- If concerns relate to the head teacher who is the sole proprietor of an independent school, allegations should be referred to the LADO
- Allegations regarding foster carers or anyone in a position of trust working or volunteering with children should be referred to the LADO on the day that the

allegation is reported. The allocated social worker should also be informed on the day. The school should not undertake any investigation unless the LADO advises this.

2.8.2 - Low level concerns

This should be read in conjunction with the staff code of conduct and Keeping children Safe in Education (2023, Part 4). A low level concern is not insignificant. This process should be used in events where a concern about professional conduct does not meet the threshold set out at the beginning of this section.

- Reports should be made to the DSL/Deputy DSL (or the head teacher if it is regarding the DSL). Cleve House International School creates an environment where staff are encouraged and feel confident to self-refer where they have found themselves in a situation.
- The DSL will address unprofessional behaviour and support the individual to correct it at an early stage providing a responsive, sensitive, and proportionate handling of such concerns when they are raised.
- Review and correct any deficits in the setting's safeguarding system.

2.9 Mental health and wellbeing. (A flow diagram is available in [Appendix B](#) to illustrate this section)

Schools and colleges have an important role to play in supporting the mental health and wellbeing of their learners. Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation, and or may require early help support.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Education staff, however, are well placed to observe children day to day and identify those whose behaviour suggests that they may be a mental health problem or be at risk of developing one.

The current Children's Mental Health Lead is: Zoe Riach

Cleve House International School will undertake the following.

- The appointment of a senior mental health lead who can support the development of knowledge and act as a point of expertise to promote the wellbeing and mental health of learners. This colleague will have sufficient training in mental health **and** safeguarding for them to carry out their role effectively.
- Early identification of vulnerability to mental health problems by reviewing attendance, behaviour, attainment, and safeguarding records at least on a termly basis.
- Ensure that learners can report and share concerns in line with section [2.1 Reporting a concern](#) of this policy.
- Staff will follow a safeguarding process in terms of reporting concerns outlined in [Appendix B](#) so the DSL/Deputy DSLs (and wider members of the safeguarding team

such as the SENDCo) can assess whether there are any other vulnerabilities can be identified and proportionate support considered.

- Staff will ensure the immediate health and safety of a learner who is displaying acute mental health distress. This may require support from emergency services via 999 if the learner is at risk of immediate harm.
- DSLs/Deputies will consider whether a case can be managed internally, through early help, or should involve other agencies as required in line with section [2.4 - Multi-Agency Working](#).
- The setting will communicate and work with the learner and parents/carers to ensure that interventions are in the best interests of the child.
- DSLs will liaise with staff to ensure reasonable adjustments are made and develop ways to support achieving positive educational outcomes.
- Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem – DSLs and the senior leadership team should be able to access specialist advice through targeted services or through their locality [Primary Mental Health Specialists from Child and Family Consultation Services](#).

2.9.1 - Contextual safeguarding approach to mental health

Cleve House International School will ensure that preventative measures in terms of providing safeguarding on the curriculum will provide opportunities for learners to identify when they may need help, and to develop resilience.

The setting will take a 'whole school approach' to:

- deliver high quality teaching around mental health and wellbeing on the curriculum.
- having a culture that promotes mental health and wellbeing;
- having an environment that promotes mental health and wellbeing;
- making sure pupils and staff are aware of and able to access a range of mental health services;
- supporting staff wellbeing
- And being committed to pupil and parent participation

2.10 Online Safety

Online safety is an integrated and interwoven theme with other safeguarding considerations. Cleve House International School is dedicated to ensuring learners are taught about safeguarding, including online safety. We recognise that a one size fits all approach may not be appropriate for all learners, and a more personalised or contextualised approach for more vulnerable learners, victims of abuse and some SEND children might be needed. This is part of a broad and balanced curriculum.

It is essential that the DSL takes a lead on ensuring that interventions are effective. This means coordinating support and engaging with other colleagues in the setting who may have more technological expertise such as the IT manager.

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

Cleve House International School is committed to addressing online safety issues around content, contact, conduct and commerce. This includes:

- Ensuring that online safety is concerned in relevant policies and procedures.
- Online safety is interwoven in safeguarding training for staff and safeguarding on the curriculum for learners.
- Acknowledging that child on child abuse can happen via mobile and smart technology between individuals and groups. This should be approached in the same process outlined in section [2.7 Responding to incidents of child on child harm](#) **and read in conjunction** of Cleve House International School's E-safety policy on the use of mobile smart technology is available via Cleve House International School website and the school policy folder which can be found in the main school office.
- Provision of education via remote learning will comply with governmental advice [Safeguarding and remote education during coronavirus \(COVID-19\) - GOV.UK \(www.gov.uk\)](#)
- Appropriate filters and monitoring systems are in place to ensure that 'over-blocking' does not lead to unreasonable restrictions as to what pupils can be taught about online teaching and safeguarding.
- The effectiveness of the setting's ability to safeguarding learners in respect to filtering and monitoring, information security and access management alongside the above will be reviewed annually.
- Learners are supported to have a strong voice and are able to contribute via mechanisms for feedback – including the opportunity to inform the curriculum via discussions with the Peer Mentors, School Council and suggestion box opportunities and also with lunch with the Headteacher.

2.10.1 – Staff use of personal phones

Mobile phones and smart technology are part of everyday life for most children, parents and staff members, so early years providers must clearly communicate their policy on the appropriate use of any devices in their setting. Mobile phone use should be covered in staff training during the induction process and policies should be reviewed regularly in the light of changing technologies.

Any mobile phone policy must address the use of personal phones at work and could include the following points.

- Personal mobile phones should be either turned off or on silent and not accessed during working hours.
- Mobile phones can only be used on a designated break and this must be away from the children.
- Mobile phones should be stored safely in staff lockers or another designated area at all times during working hours.
- No personal device is allowed to be connected to the nursery Wi-Fi at any time.
- During outings staff can only use mobile phones belonging to the nursery.
- Photographs must not be taken of the children on any personal phones or any other personal information storage device. Only nursery-owned devices can be used to take photographs or videos.
- Staff should not use personal mobile phones to communicate with parents/carers or give out their personal mobile numbers or email addresses.

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

- Staff who bring personal mobile phones into the provision must ensure that there is no inappropriate or illegal content on them.
- The early years setting is not responsible for the loss, damage or theft of any personal mobile device.
- All members of staff should remain vigilant and report any concerns to the setting's manager or designated safeguarding lead (DSL). Parents and staff should be informed of the complaints procedure and staff made aware of the whistleblowing procedure.
- If a member of staff breaches the mobile phone policy, action will be taken in line with the staff code of conduct and allegations policy.
- If a member of staff is thought to have illegal content on a mobile phone or have committed a criminal offence using a personal device or mobile phone, the police will be contacted and the LADO (Local Authority Designated Officer) will be informed.

Appendix C - Dealing with a disclosure of abuse

When a child tells me about abuse they have suffered, what must I remember?

- Stay calm.
- Do not communicate shock, anger or embarrassment.
- Reassure the child. Tell them you are pleased that they are speaking to you.
- Never promise confidentiality. Assure them that you will try to help but let the child know that you may have to tell other people in order to do this. State who this will be and why.
- Encourage the child to talk but do not ask "leading questions" or press for information. Use 'Tell Me, Explain to me, Describe to me' (TED) questioning.
- Listen and remember.
- Check that you have understood correctly what the child is trying to tell you.
- Praise the child for telling you. Communicate that they have a right to be safe and protected.
- It is inappropriate to make any comments about the alleged offender.
- Be aware that the child may retract what they have told you. It is essential to record all you have heard.
- At the end of the conversation, tell the child again who you are going to tell and why that person or those people need to know.
- As soon as you can afterwards, make a detailed record of the conversation using the child's own language. Include any questions you may have asked. Do not add any opinions or interpretations.

NB It is not education staff's role to seek disclosures. Their role is to observe that something may be wrong, ask about it, listen, be available and try to make time to talk.

- The 5 'R's are helpful in understanding what professional's duties are in relation to responding to an incident.

Recognise – Respond – Reassure – Refer - Record

Appendix D - Types of abuse and neglect

The Department for Education's Tackle Child Abuse campaign has accessible videos to watch <https://tacklechildabuse.campaign.gov.uk/>

Abuse and neglect are defined as the maltreatment of a child or young person whereby someone may abuse or neglect a child by inflicting harm, or by failing to prevent harm. They may be abused by an adult or adults or by another child or children.

Safeguarding and Child Protection Policy

2023-2024

All school and college staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another. For children with Special Educational Needs and Disabilities (SEND) additional barriers can exist when identifying abuse and neglect, these include:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.

To address these additional challenges, schools and colleges should consider extra pastoral support for children with SEND (KCSIE, 2023).

The following are the definition of abuse and neglect as set out in Working Together to Safeguard Children (2018, 2020) however, the ultimate responsibility to assess and define the type of abuse a child or young person may be subject to is that of the Police and Children's Services – our responsibility is to understand what each category of abuse is and how this can impact on the welfare and development of our children and where we have concerns that a child or young person may be at risk of abuse and neglect (one or more categories can apply) to take appropriate action as early as possible.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the

needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Appendix E Specific actions to take on topical safeguarding issues

General or national guidance will not be included here. A summary of specific duties are in [Keeping Children Safe in Education 2023 Annex B](#) and Access to local guidance can be found in [Appendix A](#) of this document.

In recognition that the threshold of child protection is 'likely to suffer' significant harm, Cleve House School may need to make a referral to children's social care. Where possible, this will involve notifying the parent/carer if it does not place the learner at further risk of harm. In all other circumstances information will be shared in line with section [2.2 Information Sharing](#).

It is also important to recognise the importance of liaising with other education settings who may have siblings attending. It is likely that they may hold additional information which will support early identification of harm and in turn develop your assessment of need.

Child Exploitation – both Child Sexual Exploitation (CSE) and Child Criminal Exploitation (CCE)

Cleve House School will ensure that early help intervention is provided as soon as a concern of exploitation is identified. Discussion and advice will be sought from targeted services to consider what support may be available. The learner and their families will be part of any planning and interventions.

- If the learner is at risk of CSE or there is intelligence which indicates that the learner or peer group are at risk of CSE, Cleve House School will share information with Operation Topaz (the police). This information will support proactive activity to disrupt criminal activity in relation to sexual exploitation.
- If the learner is at risk of CCE information should be shared with Bristol's Violence Reduction Unit - Safer Options. The Safer Options Education Inclusion Managers can advise and support settings to manage risk. Targeted support maybe available to disrupt learners from getting involved with criminality.
- Avon and Somerset Police share 'Missing persons' notifications (which a learner is reported missing from home or care) with education settings with a view to support them to take proactive action and reasonable adjustments in relation to behaviour management and achieving positive educational outcomes. These should be stored securely on the learner's Safeguarding/Child Protection file.

Domestic Abuse

Operation Encompass is a national operation where local police forces notify when the police are called to an incident to domestic abuse. Avon and Somerset have their own version of this and will notify education settings whenever they have responded to a domestic abuse incident. This will enable the education setting to take proactive action and reasonable adjustments in relation to behaviour management and achieving positive educational outcomes.

Under the current information sharing protocol, the education setting **is not permitted** in sharing this information without seeking consent from Avon and Somerset police in case this can put a victim and learners at further risk of harm. The only exception to this when information is shared with new education setting (part of statutory duties in relation to transfer of the Safeguarding/ Child Protection file, Keeping Children Safe in Education). Additional instructions around this are sent out with every single notification.

- Education settings must have signed up to a Police Safeguarding Notification Briefing to receive these.
- Each setting should have at least 2 members of trained staff able to receive and act upon these notifications.

- Each setting should promote an open culture of safeguarding to enable learners and families to disclose and feel safe to talk about their experiences and what support may be required.

Female Genital Mutilation

Mandatory reporting duty: [Click here for government guidance](#)

This is a legal duty for all professionals undertaking teaching work to report known cases of FGM to the police via 101. This is when they:

1. are informed by a girl under 18 that an act of FGM has been carried out on her; or
2. observe physical signs which appear to show that an act of FGM has been carried out on

These cases must be referred to the DSL who will support them to carry out their duty. It is also advised any referrals made to the police under the mandatory reporting duty is followed up with children's social care so an assessment of need and support is concurrently considered.

Travel:

National guidance has highlighted going on holiday to a risk affected country is cause for concern, local guidance has been developed to prevent discriminatory action against families from risk affected communities.

- Families are encouraged to notify the education setting when they are looking to travel during term time dates.
- This will prompt a conversation with the DSL/ specialist trained member of staff to discuss and explain what FGM is in that; it is significantly harmful and illegal to practice this.
- The setting will complete an [FGM Referral Risk assessment](#) (available on the [Keeping Bristol Safe Partnership website](#)) with the family to identify any support that the family may require in relation to FGM.
- Proportionate action is taken. Referrals to social care should NOT be automatically made – however should be made if there are high risk concerns identified from the FGM Referral Risk Assessment.
- These assessments should be saved onto the child's Safeguarding/Child Protection file to avoid duplication with new incidents of travel.

Online Safety

- **Annex D of Keeping Children Safe in Education highlights additional actions schools should take to keep learners safe online.**

Safeguarding and Child Protection Policy **2023-** and Procedures **2024**

- For concerns around individual cases where a child has been harmed through online mediums, advice and guidance can be made through the **Professional Online Safeguarding Helpline**, T: 0344 381 4772, E: helpline@saferinternet.org.uk
- Where there have been established cases of online abuse or grooming, the school settings should alert - **Child Exploitation and Online Protection command (CEOPS)** <https://www.ceop.police.uk/ceop-reporting/>

Mental health – [linked to section within main body of this policy](#)

Peer on Peer Abuse - [linked to section within main body of this policy](#).

Serious Youth Violence

To be read in conjunction with the above section around Child Criminal Exploitation. There has been local guidance issued on the issue of [‘Offensive Weapons in Education Settings’](#).

It is important to note that should a weapon be used or there is threat of use, the police should be called immediately.

- The same day a weapon is found Safer Options should be called for a multi-disciplinary assessment of risk.
- Whilst it is acknowledged that the decision to exclude remains with the Headteacher/principal it is recommended that consultation with the Safer Options Education Inclusion Manager is made so as not to further put the child at further risk of harm if they are excluded.
- Alternatives to exclusions should be considered first in recognition that by doing so a learner it may be at further risk of harm out in the community.
- Police will be notified through the multi-agency discussion held at the ‘Out of Court Disposals Panel’ to prevent students unnecessarily getting a criminal record.

Preventing Radicalisation - The Prevent duty

All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have “due regard to the need to prevent people from being drawn into terrorism”.¹¹⁰ This duty is known as the Prevent duty.

The Prevent duty should be seen as part of schools’ and colleges’ wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the revised [Prevent duty guidance: for England and Wales](#), especially paragraphs 57-76, which are specifically concerned with schools (and also covers childcare).

The guidance is set out in terms of four general themes:

- risk assessment,
- working in partnership,
- staff training, and
- IT policies.

Private Fostering

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child:

- under the age of 16 years (under 18, if disabled)
- by someone other than a parent or close relative(*Close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and step-parents; it does not include great-aunts or uncles, great grandparents or cousins.)
- with the intention that it should last for 28 days or more.

Cases of private fostering arrangements must be reported to children's social care to ensure that needs are adequately made.

Statutory guidance states that this should be done at least 6 weeks before the arrangement is due to start or as soon as you are made aware of the arrangements. Not to do so is a criminal offence.

Further support and reasonable adjustments should be made by the education setting to promote achievement of positive educational outcomes.

Young Carers

A young carer is a person under 18 who regularly provides emotional and/or practical support and assistance for a family member who is disabled, physically or mentally unwell or who misuses substances.

The setting will support learners who are young carers to appropriate support. To find out what is available locally visit the Bristol City Council Website -

<https://www.bristol.gov.uk/social-care-health/support-for-young-carers>

Safeguarding and Child Protection Policy | 2023- and Procedures | 2024

The Carers Support Centre can undertake an assessment of need and provide bespoke support. <https://www.carerssupportcentre.org.uk/young-carers/making-a-referral/>

[Appendix D](#) – List of resources.....

Background

This guidance has been developed to consider and reflect changes in line with government guidance and local arrangements as a result of the COVID-19 pandemic.

This guidance is relevant to all schools including: maintained, non-maintained, independent, academies, academy trusts, free schools, alternative provision academies, maintained nursery schools and pupil referral units.

Where the guidance refers to ‘colleges’ this includes all of the following: further education colleges, sixth-form colleges, institutions designated as being in the further education sector, other further education providers, funded by the Education and Skills Funding Agency, such as 16 to 19 academies and independent learning providers, including special post-16 institutions.

Practice should reflect statutory guidance Keeping Children Safe in Education (KCSIE) 2023 and Cleve House International School should continue to have regard to their legislative duty.

The government is preparing legislation to suspend or modify some requirements of schools to enable them to focus on the new arrangements. Schools should focus on safeguarding duties as a priority. Where schools and trusts have concerns about the impact of staff absence – such as their Designated Safeguarding Lead (DSL) or first aiders – they should discuss immediately with the local authority (see further details below) or trust ([Coronavirus \(COVID-19\): school closures](#)).

What staff and volunteers should do if they have any concerns about a learner

The way Cleve House International School is currently operating in response to concerns about the welfare of a learner, during the COVID – 19 outbreak, is fundamentally the same:

- ☐ With regard to safeguarding, the best interests of learners must always continue to come first.
- ☐ If anyone in a school or college has a safeguarding concern about any learner they should continue to act immediately.
- ☐ A DSL or deputy DSL should be available.
- ☐ It is essential that unsuitable people are not allowed to enter the children's workforce and/or gain access to learners.
- ☐ Learners should continue to be protected when they are online.

It would be advantageous that staff and volunteers to remind themselves of what they need to look out for by reading [Part 1 of KCSIE 2023](#).

Raising a concern:

All staff and volunteers should read the next section regarding the Designated Safeguarding Lead (and deputies) to know who to speak to if you have identified a concern. You should follow the usual reporting mechanisms if you continue to work in Cleve House International School.

As a mechanism to support safeguarding processes, temporary 'cause for concern' sheets (see safeguarding file) are available for any new or temporary staff/volunteers who have been redeployed (or if you are supporting a learner who does not ordinarily attend Cleve House School).

The 'cause for concern' sheets will be scanned on to the learner's Safeguarding/Child Protection File by the DSL/Deputy DSL or sent to the DSL at the learner's original school if they have been offered a temporary placement.

All staff and volunteers should act immediately to respond to a safeguarding concern. If a DSL or Deputy DSL is not available for advice, all staff should be aware of the role of teams in emergency situations.

Safeguarding Contacts

If you're concerned about the well-being of a child contact the First Response Team on **0117 903 6444**
